Catalogued and to be sold by

"Where the Sunny South and Golden West Meet"

PLEASE READ THESE TERMS OF SALE BEFORE BIDDING

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

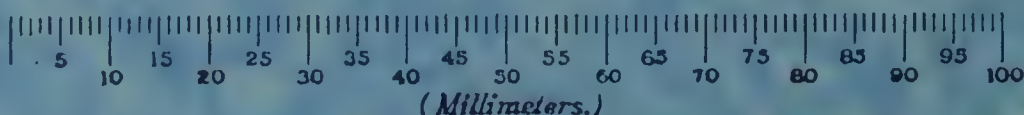

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, October 20, 1925.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalogue is given by Millimeters.

A FOREWORD

RARE, INDEED, are collections that cover the elusive periods of numismatic history as does the collection of Mose Marcuson. Embracing ancient, medieval and modern coins, choice in specimens representing every part of the world, this admirable exhibit is one that few lovers of coins will often see duplicated.

It is only fitting that numismatists should pay high tribute to the labor which enabled this ardent collector to bring together such a fine collection before he had passed on.

Mose Marcuson was born in Cleveland on the fifteenth day of April, 1855. Deprived of a father, when still but a youngster, the burden of a mother and two younger children fell upon his shoulders. He left school and entered the employ of a jeweler. The wage here, supplemented by the small sums received from starting fires for people with a mind to lay abed on cold mornings, tided the family by until he entered the employ of Halle, Skall Company, Cleveland, as a salesman. He served ten years in this place and then associated himself with the William Edwards Company, wholesale grocers of Cleveland, where he remained until his retirement from active business life, thirty-eight years later. His death came on September thirteenth, 1924.

Through his life, Mr. Marcuson was an ardent and capable numismatist. He was a familiar figure at the conventions of the American Numismatic Association, very few of which meetings he ever missed. He was also a member of Cleveland, Chicago and New York Numismatic Clubs.

His love for travel carried him abroad many times on journeys that took him to practically every part of the civilized world. It was on these visits that he secured many of the rare foreign pieces that so richly dot his collection. With extreme caution and thoroughness he rounded out his group of specimens until it had authentically and faithfully covered coins of all ages from all parts of the world. The legacy which he has left to numismatics, in so choice a collection, is one that must surely keep his memory bright in our annals.

Just Out—Wonderful Book

A Numismatic Treat for Cent Collectors

*“The United States Cents of the
Years 1801, 1802 and 1803”*

By MR. HOWARD R. NEWCOMB
DETROIT, MICHIGAN

Before I tell you about the book, I want to tell you about the author, Mr. Newcomb:—This gentleman has been a collector of fine cents for about forty years. He is a gentleman of means and the book is only a labor of love. Its price just covers actual cost.

*THE BOOK!—is the finest of its kind
that has ever been published on a similar sub-
ject. It describes minutely the varieties of
cents of these years, many not published here-
tofore.*

It is printed on large folio size, on the finest grade of heavy paper, together with five large *actual photographs* of the different varieties of cents. I repeat, it is the finest book of its kind I have ever offered. I offer it at actual cost, as I consider it a privilege to be invited to assist in the distribution of a book of this importance and artistic merit.

Price \$7.50, plus 20c for postage and insurance.

The book is fully cloth bound.
